## CUSTOM CUT

This is a cost-effective solution for cutting simple designs. Select from a variety of heat transfer materials, felts, and twills. Pieces arrive loose, and hand placement is required before application. [stahls.com/custom-cut](https://stahls.com/custom-cut)

## CUSTOM CAD-CUT®

Stahls' CAD-CUT® heat transfer materials are perfect for creating vibrant, detailed, multi-layered designs for a variety of jobs. Each individual color arrives on a clearcarrier for simple positioning and heat application. [stahls.com/custom-logo](https://stahls.com/custom-logo)

*Tip: Try CAD-CUT® Templates for a fast, easy way to create a custom logo without a proof at prices 15% lower than Custom CAD-CUT®.*

## CUSTOM KISS CUT®

This time-saving, pre-assembled option is perfect for more complicated designs. With twill base options and pressure-sensitive top layers, your detailed designs arrive ready to sew. The Custom Kiss Cut® process cuts all layers in 2 and 3-color designs at once. [stahls.com/kiss-cut](http://stahls.com/kiss-cut)

## CUSTOM CUT SIMSTITCH®

**The look of embroidery, without the sewing.** Custom Cut SimStitch® designs look like they're sewn, but apply with just a heat press. Laser cut with a simulated zig-zag stitch, offer your customers a unique embroidered look without the cost and labor of sewing. Multiple-piece and less-stable designs now come pre-aligned on a mask for easy placement and application. [stahls.com/custom-cut-simstitch](http://stahls.com/custom-cut-simstitch)
