

GREAT FOR:

- *Visibility for Safety Markets*
- *Trendy Looks*
- *Reflective Performance*

CAD-CUT® & 3M™ Reflective Heat Transfer Materials

Staying safe and looking good.

Whether you're looking to keep your customers safe or deliver some eye catching designs, reflective heat transfer vinyl is right for you. STAHL'S has an extensive line of reflective materials for every possible use.

No longer just for emergency and construction workers or athletes, reflective is trending on athleisure and streetwear. It's ideal for anyone who wants to stand out, even in the dark.

CAD-CUT® 3M™ SCOTCHLITE™ 5807

High quality retroreflective performance for safety regulated markets.

- Use when you need to provide high quality ANSI approved, retroreflective performance for safety regulated markets.
- Ideal for high visibility apparel needs.

CAD-CUT® REFLECTIVE II

Affordable reflective special effects for apparel and accessories.

- Expand your market with a reflective special effect finish for up to 40%
- Reflective effect in four color options for added visibility and style on backpacks, jackets, performance wear, and more.

CAD-CUT® REFLECTIVE GLITTER

Retroreflective technology with sparkling glitter finish for designs that stand out.

- Premium reflective beyond safety gray for a high-end, high value finished look.
- Create trending looks with a dazzling effect and reflective finish.
